

4725 N Williams | Portland, OR 97217 | 503-287-4932 | www.nxneclinic.org | info@nxneclinic.org

Since our doors opened on August 17th, we have seen 199 new patients for a total of 292 visits. Most of our patients are from the local neighborhood and uninsured, all are low income and most were seen for chronic conditions such as diabetes, hypertension, asthma and depression.

THANK YOU ALL!!

Willamette Week Give! Guide: *The Willamette Week Give! Guide* was a resounding success this year, bringing almost \$250,000 to 37 non-profits across the Portland area. Read all about it in Richard Meeker's [February 3rd editorial](#). As a result of the generosity of those who donated to North by Northeast online and the many others who sent us checks at the end of the year, almost \$18,000 was added to our bank account. This allows us to continue to assist patients with the cost of prescriptions, and to keep a part-time staff person on after our TACS grant period ends this spring. Over 50 new donors joined the ranks of our supporters! Many donations were made in honor of our volunteers, without whom none of our services would be possible. **See other side for a complete list of 2006 supporters.**

Martin Luther King Day: In honor of Martin Luther King, we held an all-day clinic on Monday, January 15th. Ten Kaiser volunteers provided care to 25 patients. Special thanks to Kaiser Permanente for staffing the clinic and supplying non-prescription medications, to New Seasons for supplying lunch, and to Grand Central Fremont for sweetening the day with pastries.

HOW YOU CAN BE PART OF OUR WORK:

- **Spread the word** about our organization
- **Make a cash donation.** A \$20 gift will purchase a 3-month supply of medication for a patient with diabetes or hypertension.
- **Volunteer time.** We especially need physicians, nurse practitioners and social workers.
- Donate **postage stamps and copy paper.**
- Donate gift cards for **office supplies.**

"When I got a new job working with animals, my asthma started really acting up. I had to spend \$300, almost half of my take-home pay, on a prescription inhaler just so I could keep my job. Clinic staff helped me get the inhaler for free. Now I'll have enough money for rent and food. Thank you North by Northeast!!" -K.A., patient

The mission of North by Northeast Community Health Center is to improve health outcomes in a medically under-served community by offering health screening and basic medical services at no cost. Priority is given to low-income individuals without health insurance living in the surrounding inner N/NE neighborhoods.
